How will we help to further improve behaviour and attitudes in our school?

- * Children join in and help the school development plan;
- * Children work with leaders to be proud of their work and behaviour;
- * Children like coming to school and attendance shows this.
 Low attendance will be challenged and everyone understands this.
 Great attendance is rewarded;
- * Children understand different types of bullying and know how to deal with it; they know how to share a problem with a grown up and help find solutions;
- * Children show the school values in and out of school.

How are we going to help contribute to the high quality of education at our school?

- * There will be more help for reading and writing across the school.
- * Helpful tests make sure that children's learning gaps are addressed.
- * Clear teacher feedback helps us get better.
- * Children make a great start in the foundations stage through teachers' great feedback.
- * All children will get the help they need and be given the right work that helps them to do well in every subject.
- * Children are able to keep hold of and explain the facts that they've been taught, letting them grow and improve as curious learners who are able to make links with other subject areas.

What will our leaders be working on for us?

- * Adults using coaching skills to lead teams;
- * Leaders listen to school adults to help them feel valued and respected
- * All adults work well together to make sure children do well;
- * Adults continue as learners themselves and research new ideas;
- * Leaders put children's happiness and learning for all at the top of their list;
- * Governors help and check in with leaders to see they achieve all these things;
- * Governors work hard to find new governors with the right skills for our school.

How we will be helping to further enhance our personal development?

- * Children help out with local community projects and also talk with understanding about world issues e.g. global warming;
- * Pupil leaders support with fund raising opportunities for this;
- * Check that children feel safe, cared for and respected in their school;
- * Children know how to ask for help if they are sad or need help;
- * Pupil leaders work with staff to further enhance the school's growth;
