

6th May 2022

Dear Parents,

We have received the ‘go-ahead’ from the Health and Safety department at KCC to store our own sun cream for the children and have purchased some ‘Nivea Sun Babies and Kids Sensitive Protect Factor 50’ sun cream to keep in the setting. If you would like to give permission for your child to use this throughout the day during the rest of the school year please fill out the attached slip below and return it us, along with the 50p donation to cover the cost.

Please note: This does not replace your all-important morning routine at home when you apply suntan lotion to your child before coming to school.

It will reduce the amount of bottles we have to store in school and ensure that all children have access to sun cream during the hot days. If your child needs to have a specific type of cream you are, of course, free to bring in your own. Please ensure it is clearly labelled with your child’s full name.

This sun cream is for when we need to reapply cream throughout the day. For example, if they have been playing in the water a lot or before they go out for lunch play at the hottest time of the day.

We are also asking that **named sun hats** be bought into school. These can be left here in the hat box or taken home daily.

Thank you very much,

Louise Lemon
FS phase leader
