

Phonics at Brunswick House

At Brunswick House, we follow the Twinkl Phonics scheme. Children in Foundation Stage and KS1 receive daily phonics lessons which are engaging and multi-sensory. There are songs, visual prompts and actions.

For early reading practice, we use decodable phonics books that align with our systematic teaching of letter sounds. Children in Foundation Stage and KS1 read daily in guided reading sessions. Some children will need more opportunities to practise throughout the day and these children receive targeted extra reading interventions.

Children who are not yet secure in their phonics knowledge as they move into KS2 will continue to participate in daily one to one reading practise and regular phonics interventions. Our KS2 interventions are age-appropriate and designed to motivate older children in their efforts to master the English alphabetic code.

Parental support is an important part of each child's journey to becoming a fluent and enthusiastic reader. Please do take a look at the following documents and videos for more information about how Twinkl Phonics is implemented at our school.

Below is a glossary which details key phonics terms that we use at our school.
